Team Pocket Billiards Rules

I. GOVERNING RULES
The rules of the Billiards Congress of America will apply in all except where a special Oregon State University Intramural Sports rule applies.

II. ELIGIBILITY
All Participants must be either students registered at Oregon State University or Faculty/Staff/Affiliate with a Recreational Sports Membership. For more information on eligibility, consult the Intramural Sports Handbook.

III. FORMAT
A. Four players constitute a team with two players assigned to a table.
B. Table assignments can not be changed during a match.
C. Substitutions may not occur between tables but an “outside” substitute may be made between games.

IV. TABLE RULES
A. **LAG FOR BREAK.** Winning team has the choice to break or allow the opposing team to break first. After the first game teams will alternate breaking for the next three games. Before the start of the fifth game teams will lag for break to determine who will break for the fifth and final game.

B. **AFTER THE BREAK:** If no balls are pocketed on the break, the table is turned over to the non-breaking team. If one or more balls are pocketed on the break, the breaking team retains control of the table. The table is open until a team has pocketed a ball on a shot after the break.

1. **Rules Applying to the Break:** A scratch on the break turns control of the table over to the non-breaking team. The game is not lost if a scratch occurs on the break. If the eight-ball is pocketed during the break the game is automatically won.

C. **PLAY:** Stripes or solids are determined by the first ball sank after the break occurs. Balls do not need to be pocketed in numerical order. The first team to pocket all of their designated balls and the eight-ball wins that game, and is awarded one point. There is a maximum of five points possible per table and ten points possible per team, per match. **PLAYERS MUST CALL THEIR SHOT WHEN ATTEMPTING TO POCKET THE EIGHT-BALL.**

D. **TABLE SCRATCH:** If the cue ball does not strike your team’s designated group of balls first on an attempted shot or if the cue ball jumps off the table, a table scratch will be called and control of the table will be turned over to the opposing team. The cue ball will be placed behind the head-string for the ensuing shot. **THREE RAIL SAFETIES ARE ALLOWED.**

E. **CUE BALL SCRATCH:** A cue ball scratch on a shot results in control of the table being turned over to the opposing team with the cue ball being placed behind the head string for the ensuing shot. If a ball is pocketed on the same shot as a cue ball scratch the pocketed ball is not placed back on the table. A cue ball scratch while attempting to pocket the eight-ball results in an automatic loss for the shooting team.
