Continuing Business

New Business

- Power Hour (Affinity Nights) presentation and discussion- Cathy Sullivan
  - Cathy presented on the upcoming affinity time in the weight room. The plan is to host a monthly hour starting in the main weight room and change the location

each term to give participants access to and knowledge of different areas of the gym. See the presentation for more in-depth information.

- Questions and Feedback from the RSAB
  - the front of the weight room might be more intimidating because people walk into the weight room and look around and it could bring more attention to the women and non-binary individuals.
  - What kinds of activities do you have planned for the affinity nights to foster community and belonging?
  - Can we add instructional QR codes for proper use of equipment. Can provide participants instructions for later if/when they come back.
  - How are we going to make sure everyone is going to get to use the equipment?
  - What is being done about communication and maximizing impact for reaching participants?
  - How are we mitigating the risk of being inclusive at the risk of upsetting others?
  
- RecSports Hiring- Flick- RecSports Mass Hiring season is here if anyone is looking for a job please apply. ASOSU is also hiring and entering into general elections. If you know of anyone who is interested but doesn't know what they are interested in, Flick is willing to chat with them.
- RSAB Recruitment- Glover- We are entering recruitment season. If you know anyone who might be interested, please have them apply.

- ASOSU Living Wage Resolution Status Update- Flick and Glover
  - A living wage resolution to raise student pay in student fee funded units was passed through the senate. The resolution was passed after our budget was already turned in and our advisory board did not have a chance to review the resolution before it went to SFC. The SFC voted down the resolution and the Senate put a bill forward during the Senate budget hearings to fund a decision package for all student fee funded units. Tuesday's Senate meeting was postponed due to safety concerns. The Senate will be determining when their next meeting will occur by Friday of this week.
  
- Committees Discussion- Jasmine

I would like to know how you all would like to engage in committee work. In the past we have had presentations from units and had RSAB members meet 1:1 with teams. We would like this to be a leadership opportunity not an informational session. What do you think is the best path forward?

  - What if student employees engage with the board?
  - Interacting with different units around RecSports
  
- New Spaces Tour- Leah
- Boime moves to table the tour Canzano seconds.

Gillen moves to adjourn, Canzano seconds.
